Background:

Deutsche Stiftung Weltbevölkerung (DSW) is an international development organization that focuses on the needs and potential of the largest youth generation in history. We are committed to creating demand for and access to health information, services and supplies. DSW Ethiopia is also one of the pioneer non-governmental organizations in promoting Adolescent and Youth Sexual Reproductive Health, and youth development programs in Ethiopia. With the mission of improving young people and communities' health and economic status in Ethiopia, DSW uses various innovative strategies and projects to help address the issue of population dynamics and improving health as key to sustainable development.
